WITH UNDERSTANDING”

WHY PROPERTY IS HOT IN BRISBANE

For the first time in 30 years Brisbane has something wonderful to look forward to in terms of its growth and development.

What we believe is about to happen and where you could be investing when serious changes occur!

DECIPHER THE SHARE MARKET TRENDS

Are we heading for a share market crash or will markets continue to grow?

What is the outlook for domestic and global markets in the short term and how do we prepare ourselves for upheaval?

Are we investing in their right areas in the current market?

DEBT AND FINANCE

What is changing when it comes to borrowing money and will it make it harder or easier to obtain finance?

What should we be doing right now to protect our position moving forward?

BE TWO STEPS AHEAD

Tired of realising after the fact that you have timed your investments poorly?

Want to know how to be two steps ahead?

This information evening will equip you to make more informed decisions and transform your skill sets when it comes to investment.
